Jumbo Kids Nursery pupils graduate in style

BY DENIS EDEMA

Jumbo Kids Nursery and Pre-school celebrated its graduation in style, hosting a vibrant event filled with modern fashion displays and lively entertainment for parents.

The ceremony showcased the school's commitment to creativity and fun as pupils confidently participated in a colourful dress-code fashion party. Located in Jinja City, Jumbo Kids Nursery and Pre-school is a mixed institution that welcomes children from both the Indian and African communities, promoting

inclusivity and cultural diversity in early childhood education. Mr Samuel Ngobi from the sports division of Jinja City Education Department, encouraged parents to spend more time with their children and closely follow their academic and mental development.

He further reminded parents to prioritise their children's safety and well-being, especially with the long holiday approaching as the country prepares for the upcoming elections. His message underscored the important role parents play in guiding and protecting their children both at home and in school.
