**T**aibah International School, Bwebajja

recreated Africa's cultural journey for their 2025 farewell concert through dance and art.

The celebration was themed *A blast from the past*, with a reminder that every story has a beginning. From the great African kingdoms

that shaped heritage, to music that united communities, to leaders who fought for freedom, and families that built the continent.

The performances had a tribute to the Afrigo Band. They spoke about classic hits such as *Obangaina* and *Jim Wange*, and reflected on Afrigo's legacy of making Uganda happier through music.

Primary Five Cardinal then honoured Lucky

Dube, represented by Alvin Bbosa, who shared that the singer used music to challenge racial injustice in South Africa.

The day also culminated into the sending off of the school's candidates, who sat their Uganda National Examinations Board (Uneb) exams and those under the Cambridge curriculum. Sixty candidates sat for Uneb and 92 under Cambridge.
