

# St Cathrine Girls SS plot comeback

By Gabriel Esiku

**Yoweri Abaho**, the games teacher St Cathrine Girls SS Kazoo, has promised a strong comeback during the 2026 Uganda Secondary schools Sports Association competitions.

Speaking to Vision Sport, Abaho said he recalls his side's painful loss when Kawempe Muslim school stabbed them in a 2-1 win during the (U-15) girls football semifinals game of the 2025 National USSA Ball Games II in Tororo municipality.

According to Abaho, they gained a lot of experience during the national competition where his team took third position having defeated Lugazi girls 1-0 during third place playoff game played at Tororo

technical grounds.

Abaho, said the Kazo district-based school is now back to the drawing board to ensure that the school does not repeat the 2025 trophy less campaign.

“Our girls did very well during the district and regional competitions where we managed to win

Benson Onaikede the coach St Cathrine Girls SS Kazoo, said the setbacks provided valuable lessons and reignited hunger within the squad as they seek to reclaim their status among the country's elite school football teams.

“Last year was very disappointing for the girls. We had a good side but didn't manage to win the national trophy, but this year our target is the girls football trophy,” stated Onaikede.
