As the number of super candidates continues to shrink in the Primary Leaving Examinations (PLE), secondary schools are expected to relax the cut-off points for Senior One entry.

This is because for the third successive year, the number of candidates scoring aggregate 4 and 5 has continued to reduce, which offers an opportunity to candidates with aggregate 6, 7, 8 and 9 to join the top schools.

# S1 CUT-OFFS EXPECTED TO GO DOWN

**There are about 20 public and private schools that compete for candidates with aggregate 4.**

Data from the Uganda National Examinations Board (UNEBC), analysed by Vision Group, indicates that the number of candidates who scored aggregate 4 reduced from 679 in 2023, to 448 in 2024 to now 338 last year.

There are about 20 public and private schools that

compete for candidates with aggregate 4. This means a few schools will share the 338 candidates with aggregate 4.

Relatedly, there are 1,064 candidates who scored aggregate 5 in last year's PLE. Comparatively, this number has also gone down from 1,400 candidates who passed

with aggregate 5 in 2024.

However, 91,990 pupils passed in Division One in last year's PLE, compared to 84,301 in 2024. But the majority of the candidates scored between aggregate 10 and 12 in last year's PLE results.

The 2025 PLE results were released on Friday by the First Lady and Minister of Education and Sports, Mrs Janet Museveni, during a function held at State House, Nakasero in Kampala.
